YEARS ON STAGE

ABOUT

Linarex is a Dominican-born, Warsaw-based composer, multi-instrumentalist and executive producer. After more than two decades on stage with **bands, artists and projects** rooted in rock, progressive rock, jazz, funk and reggae, Michael Linares stepped into his own sound in November 2025 with "Vaivén" — an Afro-Latin pop single with a sun-soaked, beach-side feel, and the first chapter of Linarex.

Each song is an **emotional journey** through the human experience — one that slows you down, then moves you beyond yourself. Live, he carries that journey across the whole set: from intimate, quiet moments to full-room release, taking everyone along for the ride.

LIVE

On stage, Linarex **leads the band from behind the drums** — setting the groove, sharing the stories behind the songs and reading the crowd in real time. For live performance he is joined by Colombian vocalist and lead guitarist **Jacke Matheus**, the voice of "Memories" and a natural showman. Together they share a chemistry that turns every show into a celebration.
